Roll-Over Protection Bars (Convertible Only)
Roll-Over Protection System
Valet mode

ROOF STYLES

F-TYPE offers a range of different roofs to suit your own personal style. Each delivering their own distinctive characteristics, they provide a powerful expression of individual flair both inside the cabin and to the outside world.

ALUMINIUM ROOF

For the pure Coupé look, F-TYPE's aluminium roof is as strong and lightweight as the rest of the vehicle. It provides the ideal complement in colour, style and line to the powerful F-TYPE profile. The aluminium roof expresses F-TYPE in its clearest sports car form.

PANORAMIC GLASS ROOF

Introducing even more natural light and airiness to the interior, a full width panoramic glass roof is optional on F-TYPE Coupé models. For increased seclusion, should it be required, the roof features a manually sliding 'black-out' blind, which can screen the occupants from up to 99 percent of the incoming light.

CARBON FIBRE ROOF

With Carbon Fibre outer and inner panels bonded together to create a strong yet light roof structure, F-TYPE Coupé's optional Carbon Fibre roof is 20 percent lighter than the standard aluminium roof. It features Carbon Fibre weave visible through a deep high-grade lacquered finish.

CONVERTIBLE ROOF

F-TYPE Convertible's lightweight fabric is available in a choice of four colours. Acoustically enhanced with composite fabric to reduce noise. It features a flush fitting heated glass rear window. The roof can be raised or lowered in just 12 seconds and operated fully automatically at speeds of up to 50km/h.

JAGUAR F-TYPE 380PS

COUPÉ RWD \$149,900 CONVERTIBLE RWD \$164,900
